29. (Currently amended) A golf swing training device, comprising:

a template, the template having a top and a bottom; and,

a graphic design attached to the template, the graphic design depicting (i) a plurality of club path indicators, (ii) a swing reference guide comprising a plurality of shot selection types, and (iii) a link between each one of the plurality of shot selection types and one of the club path indicators, and

~~The device of claim 28, further comprising~~ a tee bore extending through the template and a generally longitudinal tee slot extending from the tee bore in a direction radially outward from the tee bore.

30. (Previously presented) The device of claim 29, wherein the graphic design further depicts a foot and ball position guide.

31. (Previously presented) The device of claim 30, further comprising a club face angle guide, the club face angle guide comprising a plurality of hash marks extending radially outward from the tee bore.

32. (New) The training device of Claim 29, wherein the club path indicators include at least one of a primary club path, inside-out club path, outside-in club path or take away club path indicator.

33. (New) The training device of Claim 29, wherein the swing reference guide further comprises a club face angle indicator associated with each of the shot selection types

34. (New) The training device of Claim 29, further comprising a club face angle indicator having at least one of an open club face, closed club face or a square club face indicator.

35. (New) The training device of Claim 29, wherein the template is constructed of impact resistant plastic and coated with an ultraviolet protective layer.

36. (New) The training device of Claim 29, further comprising a handle.

37. (New) The device of Claim 29, wherein the graphic design is attached to a top surface of the template.
